SCORE Grant Awarded to Elementary North!

Elementary North teachers, Megan Wolf and Betsy Gehlbach, worked together to write a SCORE grant, and their proposal was accepted by IEA! They will be building a buddy bench with the money awarded to them by IEA. A buddy bench is a bench on the playground where children can go if they don't have a friend with whom to play with or talk to; it is a place to meet and play with friends. Great work, Megan and Betsy!
